SIR KNIGHTS' SERVICE

Following a Custom of Several Years, They Worship at St. Luke's.

ADDRESS BY REV. ROGERS ISRAEL

Cœur de Leon and Melita Commanderies Attend Church in a Body and in Full Regalia—Address Preceded by the Regular Evening Service of the Episcopal Church—The Remarks Made by Rev. Mr. Israel.

Following a time-honored custom, the Knights Templar of Scranton attended Ascension Day services in a body and complete regalia at St. Luke's church last night and listened to a forceful and eloquent address by Rev. Rogers Israel, rector.

Cœur de Leon Commandery, No. 17, and Melita Commandery, No. 68, formed in Masonic Temple at 7:45 o'clock and marched to the church, where the address of the evening was preceded by the regular evening service of the Episcopal church.

Following the order "uncover," the hymn "Onward, Christian Soldiers," was sung in procession. During the service, the hymns "All Hail the Power," "For All the Saints," "Rise, Crown'd with Light" and "Rejoice Ye True in Heart," and the anthem: "Leave Us Not, Neither Forsake Us," were sung.

The offertory was for the Associated Charities of this city. Rev. Mr. Israel said, introductory to his address: "It is with a sense of great responsibility, yet with a sense of great pleasure that I address you this evening. We shall with cordiality and tenderness consider for a short time the responsibility that rests upon you as an organization. Bishop Cox says: 'This day concludes the glorious circuit through which the Son of God ran his course.'" Continuing, he said:

THE FEAR OF DEATH. Years ago men trembled at the thought of death, and looked forward into eternity with shuddering and sorrow, but now, when men consider the ascension, they know there is a spiritual life and reward in the life to come, and they are described as of flesh and blood, or without flesh and blood, spiritual life we know will be found.

The ascension of the Son of God was not the first; the Old Testament tells of how in the patriarchal days "Enoch walked with God." This and other ascensions centered in the one grand, great ascension of our God, who took the ascension of his Son, the perfect man of all men, the model man of all ages.

What was Christ on earth? The minister, the servant of men. Even in his last earthly hours we find him healing before the disciples, washing their feet.

From the very foundations of the world the men who serve Christ are the men who seek their fellow man's welfare. In Abel, Noah, Abraham, Lot, Moses, Samuel and David we find the noblest of men, whose lives were a constant offering to God. The leaders of the middle ages were men who were consecrated to God, forsaking everything to teach, lead and plead for fellow men.

Where did our own great order arise, our knights? The three greatest military orders of all ages were founded on life wholly devoted to God, and to the service of their fellow men and to aspire to the highest positions of nobility and honor. These men, whose successors you are, were chivalry and self denial.

LIVES CONSECRATED TO GOD. Why did Luther and others bear death and relinquish social position? Because they loved God. John Wesley could have occupied any position at the banks of the "Church of England," but gave himself to ministrations among the humble and lowly.

Some of the most capable men of today are men of church mission who aspire to serve in the humblest capacity. Danger and a desecration of God's commands confront us in giving up ourselves wholly to the rush for wealth, power and influence.

As individuals as well as a society you should labor to make every man a brother. You, Sir Knights, warriors, Christians, organized 500 years ago to protect pilgrims, you are still loyal.

SIR KNIGHTS' ANNUAL JAUNT. They Will Attend the Conclave at Pittsburgh with Their Wives.

On Monday, May 29, the members of the commanderies of the Knights Templars of Scranton, Carbondale, Pittston and Wilkes-Barre, accompanied by their wives, will leave this city for Pittsburgh to attend the annual conclave which is held in the Smoky City.

A visit will also be paid to Old Point Comfort and Baltimore, the party arriving in this city on the return trip at 9:01 p. m. Saturday night, May 26.

Pittsburgh commandery No. 1, has made lavish preparations to entertain the visiting Sir Knights and their wives. Monday night there will be a reception at the Monongahela House. Tuesday afternoon the ladies will be driven to points of interest about the city. At night they will be entertained at the Monongahela House and on Wednesday there will be a steamboat excursion to the famous Carnegie Homestead Steel works and the Edgar Thompson Steel works.

SUPPER AT ELM PARK CHURCH. Like Those Preceding It, Successful in Every Detail.

The Ladies' Aid society of the Elm Park church last evening gave another of the suppers which have been so well patronized during the winter and spring. Supper was served from 6 to 8 o'clock. Fifteen tables were set, each seating ten persons.

Among the assistants were: Miss Nettie Howwood, Miss Norton, Miss Edith Norton, Miss Anna Buck, Miss Mabel Schlager, Miss Edith Hill, Miss Stewart Simpson, Miss Laura Lewis, Miss Luella Pearce and Miss Gertrude Pearce.

Few, if any, church societies in the city have raised larger amounts of money or appropriated it to better ends than the Ladies' Aid society of the Elm Park church. The parsonage has been entirely furnished by them and the carpeting of the church is from the proceeds of the ladies' efforts.

A NIGHT WITH PHOTOGRAPHERS.

Pleasant Reception Given in Y. M. C. A. to Amateur Snap Shot Artists of City.

The reception given to the amateur photographers at the Young Men's Christian association last night was well attended by photographic enthusiasts of both sexes. A very interesting program was enjoyed, including exhibitions of photographic apparatus, the taking of pictures of athletes, and an inspection of the suite of apartments to be devoted to the use of amateur photographers.

Dr. W. Schellenger gave a stereoscopic exhibition from views taken by Lieutenant Stillwell and Messrs. Chamberlain and Lindsay.

Following an exhibition of gymnastics by a number of associated athletes snap shots were taken by flash light of the men, singly and in groups.

Messrs. K. and J. L. Hodge company, gave a developing exhibition and talked by the Hodge process. Mr. Hallwell, of the Scranton Photographers Supply company, and an assistant, gave an interesting mounting exhibition, and presented 200 dry plates to those in attendance.

The visitors highly appreciated and were loud in their praise of the Young Men's Christian association for advancing so popular a pastime. It was the verdict of all that nothing was lacking in the four dark rooms, lockers and printing and reception rooms to make the place a success.

A meeting will be held Tuesday, May 17, when the Scranton Photographers' Supply company will give a lecture on the best development of a group. The Hodge company will give a course of lectures on the Hodge development.

Among those present were: Dr. Stratton, J. Sorenson, Charles Gantler, E. S. Jones, T. S. Jones, Frank Phillips, Mr. Lindsay, of the Moose Powder company, and Mr. Weber, of the Dickson Manufacturing company.

REAL ESTATE Muddle.

Property Bought at Sheriff's Sale by A. Malley in Doubt.

Alderman Wright and a jury of inquest yesterday heard the case of Ambrose Mulley against George H. Shoemaker, which will be carried to court.

Prosecutor Malley alleges that on Jan. 6 he purchased at sheriff's sale the property at Bull's Head, occupied by the defendant, and that he gave Shoemaker the required three-month's notice to vacate. The defendant continued to occupy the house and the inquest resulted.

Eileen F., wife of the defendant, makes affidavit that the property belongs to her under title from George R. Clark and George W. Beale, in a deed recorded Dec. 2, 182.

The jury found the complaint as stated and allowed the plaintiff \$60 damages. The case will be appealed to the common pleas court.

RECEIVED HIS COMMISSION.

Alderman Fitzsimmons Will Open His Office Tomorrow.

WORK ON BOULEVARD

It is Progressing More Rapidly Even Than Was Expected.

AN OFFICIAL EXAMINATION

It Was Made Yesterday by Colonel U. G. Schoonmaker and Colonel H. M. Boies—The Grades and Curves Are Easy and the Quality Insures a Good Road Bed—Will Be Finished by August 1.

Colonel U. G. Schoonmaker and Colonel H. M. Boies, members of the construction committee of the Elmhurst Boulevard company, yesterday went over the portion of the road so far graded with the contractors and engineers.

They were delighted with the rapid progress that has been made since the work was begun less than a month ago. The boulevard is now graded from Elmhurst to Nay Aug, a distance of three miles. The grading of this strip of road is not entirely completed, but work has progressed so far that it can be driven over.

At Nay Aug there is a break for some distance where nothing has been done as yet. Another force of workmen has attacked the mountain side at Greenville, where the road will swing around in graceful, easy curves, 1,500 feet above the Erie and Wyoming Valley track. From the road a splendid view can be had through Leggett's Gap.

APPROACHING THIS CITY. The workmen are rapidly cutting their way along the brow of the mountain and within a week will have reached the point facing this city.

Next week work will begin at Arthur avenue, the Scranton terminus of the boulevard, and will be pushed ahead until the two forces of workmen meet.

Judging from the rapidity with which the work has progressed thus far, it is safe to say that it will be completed before Aug. 1, the date on which the contract says the company must turn the completed boulevard over to the city.

Colonel Boies and Colonel Schoonmaker found that the construction of the road was not so difficult even as it seemed on paper from the preliminary survey. The grades are all so easy that a horse can climb them at a lively rate of speed without much exertion, and the curves, especially those on the mountain in the vicinity of Greenville, are such that there will not be the slightest danger or difficulty in rounding them. They serve to give variety to the drive by a change of landscape every now and then.

ROAD BED OF SLATE. The shale on the mountain side is much better than was expected and will be a real asset. In a short time will be as hard as asphalt and quite as dry, without the accompanying dust.

The members of the construction committee who went over the route yesterday are enthusiastic over the outlook for the boulevard.

SANITARY POLICEMAN'S DISCOVERY.

Pollution Caused by a Private Sewer on the Hill.

Sanitary Policeman Burke yesterday discovered that the sewage from a row of houses belonging to Charles Schlager and located on the west side of Webster's avenue below Mulberry street, emptied into the vacant lot across the street.

Dr. W. E. Allen, health officer, was notified and will today take steps to have the nuisance abolished.

The older rising from the polluted and located on the west side of Webster's avenue, and the accumulated refuse is reported as a menace to the good health of the residents of the vicinity.

However, the matter is not attributed to any negligence on the part of Mr. Schlager. When the sewer was built it was expected that a city sewer would be located there and a connection made.

GALLEY SLAVE AT WOODLAND.

Drama Interpreted in a Splendid Manner by the Stock Company.

George E. Davis' Woodland stock company scored a distinct dramatic and artistic hit last night in "The Galley Slave." It was most happily cast and the strong scenes, of which it is prolific, were given with great vigor and realism.

It is a drama that requires finished acting and careful and artistic treatment. Such it received last evening at the hands of Miss Kemp, Miss Fuller, Miss Tennant, Miss Willett, Percy Lindon, Will D. Corbett and Al. F. Darcy.

"The Galley Slave" will be repeated this evening at Woodland and again tomorrow afternoon and evening.

Hogan was walking on the track and was in the act of stepping off the Providence bridge when the train struck him.

He was pushed ahead of the pilot of the engine nearly 100 feet, when the train came to a standstill. When picked up he was unconscious and was taken into the Providence depot. Dr. Sullivan was summoned and found the man in a very weak condition. He is not expected to recover.

WHERE IS MICHAEL EGAN?

He Disappeared Nearly a Month Ago and No Trace of Him Has Since Been Obtained.

Nearly a month ago Michael Egan, aged about 35 years, a local base ball player, living with his wife and family on South Wyoming avenue, disappeared from home late at night and nothing has been seen or heard of him since.

He was one of the best base ball players in the county, and worked in the mines for a living. He lived very happily with his family, and was not addicted to excessive drinking habits.

The morning of the night on which he was last seen he told his wife that, owing to the dizziness of work at the mines, he would go to Hazleton and seek a position on the base ball team there. He returned, however, at supper time, and very much intoxicated. He visited his old haunts and it was nearly 10:30 when he went home again, but he stayed only a few minutes, going out again without saying anything to his wife. He has not been seen since.

Egan had nearly two months pay coming to him at the Dodge mines, where he worked, and did not draw any of it. Neither did he procure or solicit as far as it is known, any money from any body else, to pay train fare if he intended going away.

His wife is convinced that he is dead. She says he must have fallen in the river or met with foul play.

EVERYBODY WANTS BREAD. The Best is None Too Good and Can Be Had as Well as Poor.

Thousands worry along through life without appreciating the great boon of a faultless bread. Good flour and good baking are the first requisites; both can be seen at the store of Horan & Healy, Dunmore, where Miss Young, of Boston, is giving an exhibition daily of not only what can be done with good flour, but by good baking as well. Go and see and taste the delicacies.
